

# WANTED

## COMPANY FOR SYSTEMIC MEDICINE RESEARCH

- Do you find yourself facing similar challenges over and over again each year?
- Are you or your co-workers stressed at work?
- Do you have a business unit with 30 people or more?

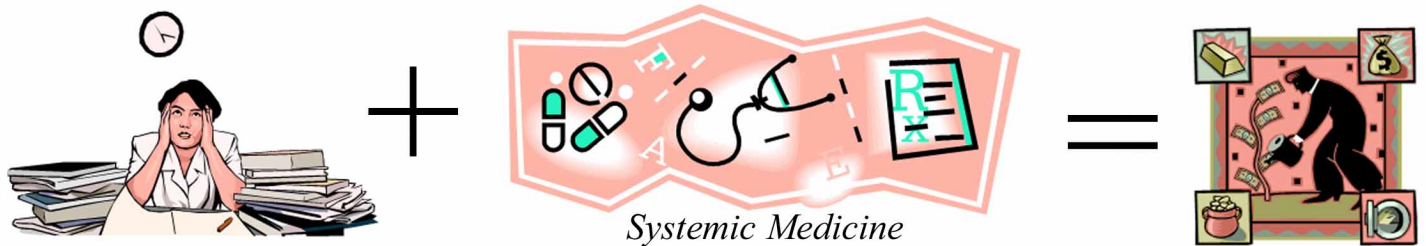

If you answered yes, then you may be a candidate to participate in the Systemic Medicine Research conducted by the Institute of Transformative Thought and Learning (a non-profit organization, [www.ittl.org](http://www.ittl.org)).

*This is a 6 month minimum research project where you'll have:*

- Access to the top organizational experts around the country
- System medicine to solve your challenges
- Weekly leadership development
- Team building exercises
- Reduced stress
- Increased employee moral and capacity
- Higher profits

*number of employees*

Only 1 company of each size (30-100, 100-500, 500+) will be selected. The research will definitely be published at a later time with a high probability of a best sell book.

***Interested in solving your challenges for good?***
